

Food and Agriculture Organization of the United Nations

## Vacancy Announcement No:

**Issued on:**  
**Deadline For Application:**

<b>Position Title:</b>	Associate Professional Officer (Statistician - SDG monitoring)( OCS-APO-01)	<b>Grade Level:</b>	P-2
<b>Organizational Unit:</b>	Office of the Chief Statistician (OCS)	<b>Duty Station:</b>	
		<b>Duration *:</b>	12 months (with possibility of extension up to three years)
		<b>Post Number:</b>	
		<b>CCOG Code:</b>	1M02

The length of appointment for internal FAO candidates will be established in accordance with applicable policies pertaining to the extension of appointments

**Qualified female applicants and qualified nationals of non-and under-represented member countries are encouraged to apply.**

**Persons with disabilities are equally encouraged to apply.**

**All applications will be treated with the strictest confidence.**

**The incumbent may be re-assigned to different activities and/or duty stations depending on the evolving needs of the Organization.**

### Organizational Setting

The Office of the Chief Statistician ensures effective coordination of all FAO statistical programmes, and corporate consistency and alignment of statistical practices at headquarters and in the field. Its work programme focuses on: designing the FAO Statistical Programme of Work and monitoring its implementation; the coordination and quality assurance of all statistical activities carried out by the Organization, and the development and monitoring of the FAO-relevant SDG indicators.

The post is located in Rome, Italy

### Reporting Lines

The Associate Professional Officer/Statistician reports to the Chief Statistician.

### Technical Focus

The incumbent will contribute to one or more of the following functions:

- Develop statistical methods for the SDG indicators under FAO custodianship;
- Organize and service expert meetings and international consultations with representatives from member countries and partner organizations;
- Organize field tests in a sufficient number of pilot countries to evaluate the feasibility of the statistical methods for the SDG indicators and their relevance in a variety of national contexts;
- Support the preparation of comprehensive methodological guidelines to help countries compile the SDG indicators;
- Liaise with other international or regional organizations to strengthen coordination on SDG monitoring.

### Key Results

Collection, analysis and review of information, data and statistics, and project/meeting services to support programme products, projects, publications, and services.

### Key Functions

- Collects, reviews/cross checks and/or analyzes relevant agricultural, economic, trade, market, social, environmental, nutrition/food composition and/or gender related data, statistics and information to support delivery of programme projects, products, publications and services
- Undertakes analysis, provides technical input for plans and reports and edits/revises technical documents and/or publications
- Participates in the development of improved tools and methodologies
- Updates databases and web pages
- Participates on multi-disciplinary project/work teams
- Participates in the development of training materials and the organization of workshops/seminars etc.
- Participates in the organization, conduct and follow-up of meetings, consultations and conferences, the development/production of required materials and the provision of information and assistance to partners

### Specific Functions

- Assists in the coordination of FAO's strategy and technical contributions to the SDG indicators process with the

- appropriate FAO technical staff;
- Contributes to the coordination with the UN Statistical Division, other UN Statistical System Organizations and the UN Rome-based agencies to implement the SDG indicators that require harmonization and inputs from multiple partners;
  - Contributes to the Coordination and reporting of FAO-relevant SDG indicators at global level by compiling data and metadata and assists in channeling these to the UN Statistical Division for the production of the global SDG progress reports.
