# SMU IS GLOBAL

The Singapore Management university is internationally recognised for its world-class research and teaching excellence.

Established in 2000, SMU is known for its highly interactive, collaborative and project-based approach to learning, and for its emphasis on generating rigorous and high-impact multi-disciplinary research that addresses asian issues of global relevance.

Home to some 12,000 students, SMU comprises eight schools specialising in Accountancy, Business, Economics, Computing and Information Systems, Law, Social Sciences, Integrative Studies and Graduate Research Studies, offering a wide range of bachelor's, master's and PhD degree programmes.

The two newly formed colleges also facilitate the development of interdisciplinary programmes across schools to prepare our students to face the challenges of a complex world.

# Capital Markets in China & Singapore

Through participation in this programme, students will

- Be introduced to the unique aspects of the capital markets in China, as well as the interaction between China and Singapore, and other parts of the world.
- Gain an appreciation of the interaction between various players, instruments, market segments, and representative transactions on the markets.
- Examine hot issues that highlight the challenges as well as opportunities facing market participants going forward.

The UOB Kay Hian Summer Immersion Programme is a platform for students from China and SMU to study together, engage in cross-cultural experiences, learn from each other and build better rapport with one another.
